Dear Parent(s)/Guardians(s):

As part of a comprehensive evaluation of your child, we ask that you complete a Conners-3 Parent Rating Scales form. The Conners-3 is an assessment tool used to obtain observations about your child's behavior. This assessment features multiple content scales that assess concerns such as inattention and hyperactivity as well as related problems in executive functioning, learning, aggression, and peer/family relations.

By using the Conners-3 Parent, Teacher, and Self-Rating Scales, a multidimensional view of your child's behavior can be obtained for a more complete diagnostic picture that includes information from your child, yourselves, and your child's teacher(s). The Conners-3 is used as one piece of a comprehensive assessment.

Please complete the Conners-3 Parent Rating Scales form. If you have a question about completing this form, please contact the Cornbelt Educational Cooperative (605-271-0218) or the Special Education teacher in your local school district for assistance.

Thank you for your help.

Cornbelt Educational Cooperative School Psychologists
